

# IPM Property Inspection Report

---

This form is to be completed by the tenant following occupancy and will serve as the accepted condition of the property at the time of move-in. Failure to complete and return this form within 10 days of taking occupancy will waive your right to submit a condition report at a later date and the property manager's account of the home will stand as documented move-in condition. This form will be used at the time of move out as a point of reference as to the condition at time of move out and will be instrumental in determining the return of your deposit as it relates to damages to the property. Please note you have the right to attend the move out inspection, and are free to tag along if you wish, however, our representative is not prepared or authorized to discuss or advise you on the disposition of your security deposit refund.

**PLEASE NOTE:** This report is an informational document, designed to document the status of the home - and items you do not want to be responsible for upon move out. If you have any actual work orders, please submit requests online at [www.impero-property.com/maintenance-request](http://www.impero-property.com/maintenance-request). **Failure to submit service orders may result in service issues not being addressed in a timely fashion. Please initial here**  **to confirm your understanding of this instruction.**
